Are you a Republican?

>>>I suspect that you are a Republican...

Wrong! I'm a Venezuelan who is classified as a "Non-resident Alien" when I visit the USA!

I like to make and spend money but the "liberals" in the USA are dedicated to taking away people's money and giving it to the UNdeserving poor. What a stupid idea! ;-))))))

What the poor deserve are jobs and jobs are created by entrepreneurs who risk their wealth and their time creating the new technologies that spell progress and the companies that make them a reality. Just call me a Capitalist.
